

Arbor Pointe Board Meeting

Thursday October 3, 2019

Call to order at 6:00 PM

Quorum achieved.

Arbor Point entryway repair and refurbishment has been approved and will be done at next opportunity when weather permits. Tuck and point repair then pressure wash.

Open discussion on what to do about the plant at entryway. No decision but we could form a landscape committee and possible work committee to select plants and and do the work. Marlene took the action to get contact info and form this committee. James noted that the board could reimburse the committee for any purchases.

Enforcement resolution approved. Nicole took the action to complete the action by mailing the changes to all residents per our attorney's instructions.

Adjourned at 7:00 PM
